

SAU #15 Good To Great Allocation of Resources

Belief Statement: All students will meet or exceed high academic standards. This work group will seek opportunities to maximize student educational growth. Working within fiscally sound means, we will evaluate our utilization of time and human resources while exploring the ability to think and see beyond the present time and beyond the usual options.

The **Allocation of Resources Work Group** will build their charge, goals, outcomes, and evidence from two of our core values:

- **Core Value #1. Schools are for students.** All interactions with them must nurture their social, emotional, and academic growth. It is our responsibility to accept all students and treat them with kindness and respect; we are tolerant and non-judgmental. Our decisions are based on what is best for them. We take responsibility for ensuring the success of our students despite the challenges they face. It is our responsibility to foster an environment of respect through interactions with each other, parents, and our educational community.
- **Core Value #3. We each have the responsibility to ensure the success of all students.** The needs of all learners are met when outcome based learning occurs and when students, teachers, and policy makers are empowered by data. All students learn when their passions and talents are coupled with high expectations and academic rigor in a safe and caring environment.

Guiding Questions

- How do we know what students need to learn?
- How do we know if they learned it?
- What data do we use?
- What do we do if they did not learn it?
- What strategies do we use to focus on student growth?
- What is the most effective service delivery model?

Work Group	
Teachers	Shelley Widdison, Maria Gleason., Cassie Cepeck, Margaret Collins
Parents	Regina Colvin, Kim Steger, Christine Pouliot
Community	Edie Cummings, Emily Roster, John Brock
School Board	Chris Trickett, Kim Royer, Todd Dumont
Administration	Devin Bandurski; Drew Bairstow
Technical Support	TBD

Chair, Drew Bairstow
