LIFE

Human Learning

- ❖ **Students will be able to learn by listening, watching and doing what others do and they can learn how to play games, read, and write.**
 - **S:LS4:K:1.2** Recognize that humans learn from each other in many different ways, such as listening and speaking, watching and imitating.
 - **S:LS4:K:1.4** Recognize that some of the things humans can do, such as playing games, reading, and writing must be deliberately learned.

PHYSICAL

Movement

- ❖ **Students can explain and show that things fall to the ground unless something supports them and they can describe the different ways things can move.**
 - **S:PS3:K:1.2** Describe and demonstrate that things close to the Earth fall to the ground unless something supports them.
 - **S:PS3:K:2.1** Describe the many different ways things can move, such as in a straight line, zigzag or circular motion, back and forth, and fast and slow.
